Registration Rates for Attendees from Tier 1 and 2 Countries

Discounted registration rates are available to attendees from countries classified by the World Bank as [low-income \(Tier1\)](#) and [lower-middle income \(Tier 2\) economies](#). These income classifications are updated each 1 July. Please refer to the [World Bank's website](#) for information on their classification system and for the latest list of Tier 1 and 2 countries.

Guest Policy

Registered attendees may purchase Guest Passes. The cost before 2 November is \$35 and \$50 after 2 November. A guest is a spouse, friend, or adult child (18 years old and older) who is not working in a geophysical science related occupation or field. A colleague or associate working in a related geophysical sciences field or studying geophysics in school may not be registered and attend as a guest. Registered guests may not attend the oral or poster scientific sessions, however, they may go to the Exhibit Hall and attend and purchase tickets to social events at the advertised rates.

Cooperating Societies

Members of the following cooperating societies qualify to register at the Member rate:

- American Congress on Surveying and Mapping
- American Meteorological Society
- American Society for Photogrammetry and Remote Sensing
- Asian Oceania Geosciences Society
- Asociación Latinoamericana de Geofísica Espacial
- Canadian Geophysical Union
- Chinese Geophysical Society
